# Run-off election is Saturday; boxes open 7 a.m. to 6 p.m.

## Murtagh-Lee are on ballot

by EDGAR PEREZ

Hancock County voters Saturday will elect a new assessor-tax collector to fill the post vacated Jan. 1 by George Heitzmann who retired after serving 18 years in that position and a total of 42 years in the county courthouse.

and farmer and Waveland barber for the past ten years.

A meager 30 percent of the county's some 13,000 voters turned out in that election to cast 1,531 votes for Murtagh and 848 for Lee.

The remainder of the seven-candidate slate garnered a total of 1,552 votes, with Mrs. Yvonne Ladner placing third with 761 votes.

Location of polling places, listed elsewhere in this issue of the Sea Coast Echo, will be the same as in the primary two weeks ago, according to Hancock County Circuit Court Clerk Henry Otis who also serves as registrar of voters.

Otis said he will be stationed throughout the day Saturday at the South Bay precinct polling place in Virginia Hall of Christ Episcopal Church on South Beach Boulevard in Bay St. Louis.

Otis will have that precinct's registration books in addition to the poll books at the precinct to transfer registration of voters who live north of US-90 to registration books of the new West Shoreline Park precinct.

(ELECTION-PAGE 6A)

## Singleton gets school board nod; Bay names engineer advice team

Maurice Singleton of Bay St. Louis has been appointed to the Bay-Waveland Municipal School District board replacing Bill Breland whose term has expired.

Bay city council made the appointment Tuesday, at a meeting mostly concerned with engineering and related matters.

Other appointments announced were: Mrs. Lydia Schultz to replace Mrs. Virdee Bilbo on the board of adjustments; Paul Vegal to replace Rosemary Romalli on the planning and zoning commission.

Council also announced the formation of a new citizen group, the engineering advisory committee, which will review all projects and make recommendations to council prior to the city undertaking major public works.

Appointed to the new group were: William Goldman, Paul Vegas, Oren Pilkie, Robert Speake, Walter Geherke, and Rowe Crowder.

Council is to negotiate with overpass low bidder Gregory Construction Company concerning possible ways of lessening their \$165 bid price.

The overpass is planned for construction over US-90 at Dunbar for the primary purpose of having school children cross there on their way to and from North Bay Elementary. This will replace the necessity of the children having to traverse the heavily travelled highway where, in spite of double police guards, serious accidents have occurred.

The city has \$150,000 earmarked for the project, gathered from a variety of sources. Engineer Charles Hill, Burk and Associates, said the correct bid price, after correction of extension errors, is \$164,868, a sum still \$14,868, engineering fees, and the cost of Phase I, the preliminary drain and foundation work, over available cash.

Councilman Fred Wagner, himself an architect, attempted to allay the fears of his associates, who expressed concern over the legality of such negotiations. Wagner stated the procedure was one commonly followed in an effort to have customer and contractor stay within available means and still undertake the project concerned.

Burk and Associates, the city's engineers, were also put under notice the intent of council to consider other consultants for specific engineering services, along with the advice and recommendations of their new engineering advisory committee.

A special meeting has been set for 6:30 p.m., Tuesday, March 7, in City Hall, to hear details of Community Block Grant Funds being made available under programs by the Department of Housing and Urban Development. Linda Rose, representing Huston Carter and Associates of Gulfport, made the request and obtained the ear of council.

In other matters, council denied an appeal by Mrs. E.R. Cardin of Beach Blvd., for a reduction in assessment on her home, which through her attorney, William Frisbie, she had claimed was the highest on the Beach.

Following the decision, Frisbie said "It will now be up to Mrs. Cardin to initiate further action."

In a final item of business, council authorized the advertising for bids on a new police car, the funds to be reimbursed by the Law Enforcement Assistance (LEA) program.

Hall, to hear details of Community Block Grant Funds being made available under programs by the Department of Housing and Urban Development. Linda Rose, representing Huston Carter and Associates of Gulfport, made the request and obtained the ear of council.

Following the decision, Frisbie said "It will now be up to Mrs. Cardin to initiate further action."

In a final item of business, council authorized the advertising for bids on a new police car, the funds to be reimbursed by the Law Enforcement Assistance (LEA) program.

FINE FROSTY WEATHER this week was excellent for curb and gutter placement can start the beginning of next week, and the clay gravel be put into place next week or the rebuilding project in Bay St. Louis, to catch up some lost momentum due to constant rains over last month. Lee Ford, Jacob

Left, foreman, said excavations are about 80 percent complete.

## Waveland PD nabs burglary suspects, loot

by EDGAR PEREZ

The Waveland Police Department this week charged a New Orleans youth and two Waveland juveniles in connection with burglaries at at least eight residences, some of which have not yet been reported by the owners.

Facing at least four counts of burglary and being held under \$10,000 bond is James E. Shifflet, 21, of 439 Pelican Ave., Apt. 1, New Orleans.

The Waveland juveniles, ages 14 and 15, face a total of nine counts of burglary.

Among the residences the trio has admitted burglarizing, according to Waveland Police Chief Donald A. Dorn, are 523 Bourgeois St., 150 Favre St., 502 St. Joseph St., 148 Favre St., 165 Terrace St., 401 Bourgeois St., 149 Favre St., and 323 Terrace St.

The burglaries occurred during the period back to December, 1977, the chief said.

Dorn reported some of the listed houses had been entered as many as three times during the period.

Acting on information supplied to the department, Inspector Robert Tar-

(WAVELAND PD-PAGE 4A)

Burk and Associates, the city's engineers, were also put under notice the intent of council to consider other consultants for specific engineering services, along with the advice and recommendations of their new engineering advisory committee.

A special meeting has been set for 6:30 p.m., Tuesday, March 7, in City Hall, to hear details of Community Block Grant Funds being made available under programs by the Department of Housing and Urban Development. Following the decision, Frisbie said "It will now be up to Mrs. Cardin to initiate further action."

In a final item of business, council authorized the advertising for bids on a new police car, the funds to be reimbursed by the Law Enforcement Assistance (LEA) program.

## Public hearing at 1 p.m. today

by EDGAR PEREZ

The Mississippi Air and Water Pollution Control Commission is holding a public hearing today, Thursday, at 1 p.m. at the City-County Library, US-90, Bay St. Louis, on another proposal to dump industrial and domestic wastes into the Jourdan River.

The hearing comes just one week after a similar session in Bay St. Louis where members of the Sierra Club raised strong objections before representatives of the Pollution Control Commission and Environmental Protection Agency to a proposal to dump the effluents of an area sewerage system into the Jourdan River.

Cyrus G. Rhodes Jr. of Sierra's Delta Chapter said here last week that the state's answer to the 1972 federal Clean Water Act with an outfall pipe in the Jourdan River would hike the fecal coliform bacteria count 750 times above the EPA's maximum allowable level for water areas with body contact recreation.

The hearing today seeks public opinion on a proposed \$297,000 sewerage collection, treatment and outfall network system construction permit being sought by the Hancock County Port and Harbor Commission.

The port body is seeking permission to construct a system at Stennis International Airport and the adjacent Stennis Industrial Park that will discharge 50,000 gallons per day of treated domestic strength wastewater into an unnamed creek which flows into the Jourdan River approximately six miles northwest of Bay St. Louis.

The choice of methods of disposal of waste waters, routes and kinds of wastes to be permitted will be decided on the basis of public reaction at the hearing, according to Joe Stone, head of the pollution control commission's permit board.

"You people there must decide if you want to industrialize the whole Coast. As long as you don't violate the air and water pollution laws, there's no reason why you can't," Stone said.

Stone said the western end of the Coast (Hancock County) is the least polluted. The Jourdan River is considered by many to be the cleanest river on the Mississippi Coast.

He noted the Jourdan River is now "pristine and clear, classified for fish and wildlife-it's our better classification."

The proposed sewerage plant would replace septic tanks now in use at Stennis International Airport, and is part of a \$1 million "Phase III" expansion of the area.

Construction of the airport itself, completed in 1973, was the first phase and the second was extension of the runways. The costs were met with 75 percent federal and 25 percent county funds.

(RIVER FATE-PAGE 4A)

## Pollution control body seeks opinion on Jourdan River fate

Cyrus G. Rhodes Jr. of Sierra's Delta Chapter said here last week that the state's answer to the 1972 federal Clean Water Act with an outfall pipe in the Jourdan River would hike the fecal coliform bacteria count 750 times above the EPA's maximum allowable level for water areas with body contact recreation.

The hearing today seeks public opinion on a proposed \$297,000 sewerage collection, treatment and outfall network system construction permit being sought by the Hancock County Port and Harbor Commission.

The port body is seeking permission to construct a system at Stennis International Airport and the adjacent Stennis Industrial Park that will discharge 50,000 gallons per day of treated domestic strength wastewater into an unnamed creek which flows into the Jourdan River approximately six miles northwest of Bay St. Louis.

The choice of methods of disposal of waste waters, routes and kinds of wastes to be permitted will be decided on the basis of public reaction at the hearing, according to Joe Stone, head of the pollution control commission's permit board.

"You people there must decide if you want to industrialize the whole Coast. As long as you don't violate the air and water pollution laws, there's no reason why you can't," Stone said.

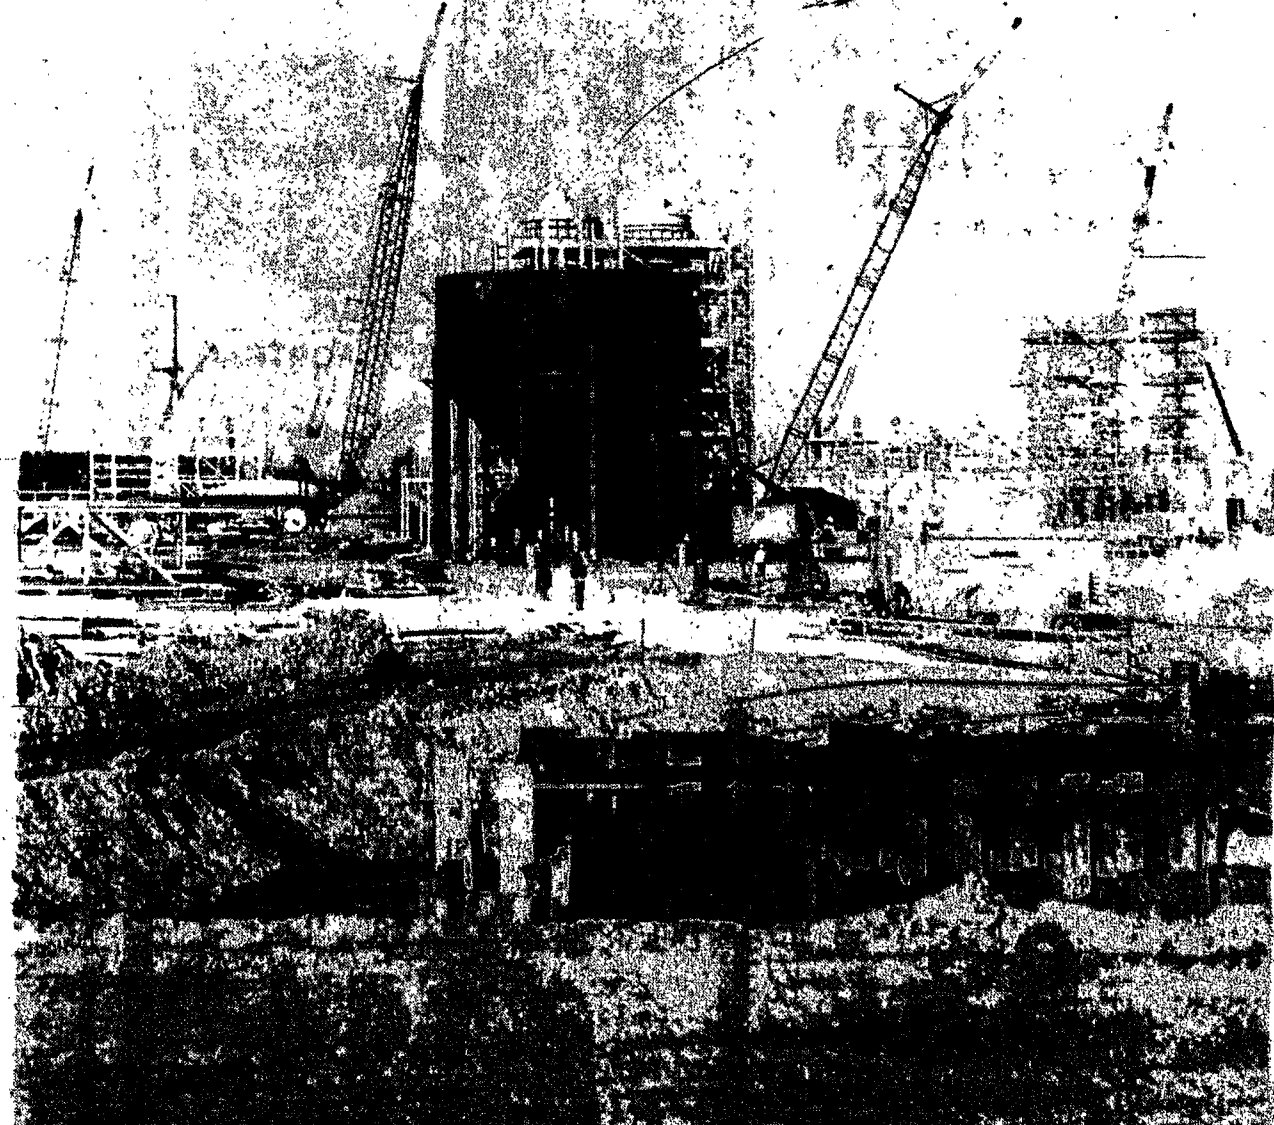

Stone said the western end of the Coast (Hancock County) is the least polluted. The Jourdan River is considered by many to be the cleanest river on the Mississippi Coast.

He noted the Jourdan River is now "pristine and clear, classified for fish and wildlife-it's our better classification."

The proposed sewerage plant would replace septic tanks now in use at Stennis International Airport, and is part of a \$1 million "Phase III" expansion of the area.

Construction of the airport itself, completed in 1973, was the first phase and the second was extension of the runways. The costs were met with 75 percent federal and 25 percent county funds.

(RIVER FATE-PAGE 4A)

DUPONT'S DELISLE PLANT rises on the north shore of Bay St. Louis with construction now 20 percent complete. Seen from a 20-foot dyke between the plant and the bay is a partially-complete giant limestone ore storage silo where the ore will be received via conveyor from railroad cars which will come in atop the levee. Additional pictures and story are on Page B-1. (Staff photo-Edgar Perez)

## 'Keep gas at home,' is aim of Beat 1 supervisor

by JAKE JACOB

Beat 1 Supervisor Bert Courge on Tuesday sought and obtained approval for two members of that board along with a like number of port commissioners, to form a committee of four, for the purpose of investigating the feasibility of hiring professional help to determine procedures required to have a quota of locally produced natural gas dedicated for intra state use.

Success of such a venture will, according to Courge, make natural gas available to users of Port Blenville, Stennis Field's industrial areas, as well as the domestic and commercial accounts in the municipalities of Bay St. Louis and Waveland.

Courge said that once the production of a well is dedicated to interstate commerce it is lost to the county.

"We can work a trade," Courge

said, adding, "we can put the gas into the pipeline at one place and take out somewhere else."

Wilson W. Webre, port director, said he knew of a number of investors that would be willing to "lay out" the capital necessary to construct an "in county" pipeline to distribute gas to Port Blenville and like sites.

He said his office had been negotiating with Sage Oil Co. who had promised to give a preliminary determination of such an intra state dedication.

Webre agreed "professional help" maybe required to solidify such a bargain.

The port director indicated that wells are being drilled at points closer to the industrial sites than before, a fact in favor of a local distribution system. He said that the average well produces between two and four million cubic feet

MR. AND MRS. HENRY CAPDEPON

## Mr. and Mrs. Henry Capdepon celebrate 57th anniversary

Mr. and Mrs. Henry Capdepon of Bay St. Louis recently celebrated their 57th wedding anniversary at a reception in St. Clare's Parish Hall, Waveland.

They were joined by their children, Mr. and Mrs. Lamar

Rassett of Pascagoula, Mrs. W. L. Higgins and daughter Janice, Mrs. Bill Gay, Michael and Bobby, Mr. and Mrs. Bill Welsh, Capt. and Mrs. Henry Capdepon, Jr., Henry, III, and Wesley, all of Gulfport; and Mrs. Capdepon's sister, Miss

Lillie Jones, Bay St. Louis.

Out of town guests were Mrs. Mayme Jones, Mr. and Mrs. Louis Perez and Mrs. Audrey Curet, New Orleans; Mrs. Glenda Merrill and Mrs. Edna Russ, Picayune, Miss.; Mr. and Mrs. Joseph Romano, Mr. and Mrs. Bill Smallwood, Jil and Russ and Steve Krohn, Gulfport; Mr. and Mrs. R. L. Calhoun, Hattiesburg and Mr. and Mrs. Leon Capdepon of Biloxi.

### VA news

Q - I converted my insurance to the VA Modified Life plan. Three years later I became totally disabled and my insurance premiums were waived. At age 65 my insurance will be reduced to \$5,000. I have the option to purchase an equal amount of VA Ordinary Life insurance. Will the premiums on this also be waived?

A - Yes. In the case of an insured whose premium payments are waived because of total disability, the additional amount of Ordinary Life insurance may be issued, for which premiums may also be waived because of total disability.

Q - How much will the VA pay for a tutor for veterans receiving educational

benefits?

A - Eligible students may receive a maximum of \$69 per month for tutorial assistance. The total assistance to which a claimant will be eligible is \$828.

Q - What is a VA pension and who is eligible?

A - Pensions are monthly, monetary payments to wartime veterans with limited income, who were honorably discharged after 90 or more days service (or less if separated due to service-connected disability) who are permanently and totally disabled as a result of non-service connected causes. Nonservice-connected death may entitle the widow or widower and veteran's minor children to pension payments.

### EXTENSION TRAINING

Mrs. Norine Barnes, Hancock County Extension home economist, announced a leader training on "Be a better housekeeper," will be held at 12:30 p.m. Thursday, March 2, in extension auditorium. The Extension Homemakers Council meeting will follow.

## MSU to start Centennial jubilee

Mississippi State University will officially kick off its year-long, Centennial jubilee Feb. 28 with a three-part ceremony in Humphrey Coliseum.

The land-grant institution was created by a legislative proclamation Feb. 28, 1878. Centennial Proclamation Day, to begin at 10:30 a.m., will include the investiture of Dr. James D. McComas as MSU's 14th president, an address by Secretary of

Energy James R. Schlesinger, and recognition of Centennial (Dean's and President's lists) Scholars for the 1977-78 fall semester.

The program will get under way with a processional of MSU faculty members in academic regalia. Also participating will be a number of special guests, including representatives of other universities and colleges throughout the country, other land-grant universities, federal, state and local officials, and MSU alumni and friends.

In a brief ceremony, McComas will receive the gold presidential medallion from President Jimmy Carter, president of the Board of Trustees of Institutions of Higher Learning. Recognition of academic scholars will follow the investiture. Students included on the President's List maintained a 3.50, or better, scholastic average, based on a 4.00 grading scale. Those included on the Dean's List earned at least a 3.00 scholastic average.

Schlesinger will be introduced by Sen. John C. Stennis, a 1923 State graduate and one of its most distinguished alumni. The 48-year-old Schlesinger, former secretary of defense and Central Intelligence Agency director, became the nation's first energy secretary in Aug. of 1977.

Following the ceremony, Schlesinger, Stennis and other invited guests will attend a noon luncheon in the Union Ballroom.

During the afternoon, campus tours will be available for alumni, friends, and visitors. Detailed instructions and maps of campus may be obtained in the Union lobby.

At 2:30 p.m., Pres. and Mrs. McComas will host a reception for all academic scholars, their parents and guests in the Cooperative Extension Building Auditorium.

Meanwhile, the student body - which will be excused from classes that day - will be engaged in a number of celebration activities. In the afternoon, the Drill Field will be the scene of, among other things, a mini-circus, rock concerts, and Centennial memento give-aways. Slices of birthday cake will be available as long as supplies last.

At 7 p.m., a free rock concert for students and faculty will be held in the coliseum. A night-time fireworks display is also tentatively scheduled.

As part of the student celebration, the Student Association is seeking to raise \$4,000 through \$1 donations. Sam Cox of Jackson, SA president, said the money will be placed in an interest-bearing account for the next 100 years and should be worth \$4 million when the account is

closed out. The money, he explained, will then be given to the university by the 2078 SA officers.

### Coast temple plans circus

Joppa Temple, Mississippi's newest shrine temple, has announced plans to present the world-famous Hanneford Circus, March 11 in the Coast Coliseum for a matinee and evening performance.

Ernest Melvin, Joppa potentate, has appointed Noble Harmon Johnson as Circus chairman and Noble Gus Anderson as publicity director and editor of the program. Net proceeds of the event will help support the Shriners Hospitals for Crippled Children and Shriners Burns Institutes.

Shriners from 12 Southern counties in the state under the jurisdiction of Joppa Temple will be participating in the annual fund raising presentation. Tickets will be available beginning Feb. 15, at locations to be announced.

## THESE ARE THE FACTS TO THE VOTERS AND TAXPAYERS OF HANCOCK COUNTY

This is a reply to a paid political advertisement appearing in the Picayune-Item by Mr. Clarence Lee relative to an increase in assessments in the fiscal year 1977.

Let me first direct your attention to a directive by the Honorable ROBERT BIGGS, former Ad Valorem Commissioner, State Tax Commission, Jackson, Miss., under dates of 11-29-72 and 1-9-73 wherein he directed that all assessments be increased to a level of 30 percent of actual value throughout the entire County with the increase to be completed by the end of 1973. This directive was a result of Law Suits filed in Sunflower County, Miss., and as a result of such suit Sunflower County was forced by the Court to increase their acreage alone to as much as \$60 per acre as compared to our present \$20 per acre.

The Board of Supervisors acted very wisely in adopting a program whereby the increase has been gradual with the first change being to \$10 per acre. The increase for 1977 was made after my presentation to the Board of Supervisors and by a unanimous vote all acreage was directed to be assessed as follows: Buffer Zone at \$15 per acre; marsh land at \$15 per acre; timbered land at \$20 per acre and all cultivatable land at \$25 per acre. The Board Order and Resolution appears of record in the Minute Book of the Board of Supervisors in the Chancery Clerk's Office.

NOT ONE HOME WAS REASSESSED DURING THIS PERIOD OR ANY OTHER PERIOD UNLESS THERE WAS A CAPITAL IMPROVEMENT SUCH AS AN ADDITION OR RENOVATION.

The action by the Board, in my opinion, was very wise in that it diverted any Law Suits for further equalization for the present, and MR. GUY GLANKENSHIP OF THE STATE EQUALIZATION BOARD stated this at a public meeting with the Board of Supervisors in October of 1977.

Further, your School System (Bay St. Louis is separate) was in dire need of funds as was your Law enforcement Department, Assessor-Collector's Office, Hancock General Hospital, Indigent Sick, Welfare Programs and the constant need for OUR WONDERFUL AND WORTHY SENIOR CITIZENS AND DISABLED VETERANS.

THERE IS NO OTHER WAY TO FUND THESE PROGRAMS EXCEPT THROUGH TAXES AND YOUR BOARD HAS BEEN DOING AN EXCELLENT JOB IN STRETCHING YOUR TAX DOLLAR WITH THE LIMITED INCOME THEY HAVE FOR EACH BEAT.

Ask any Department Head, Supt. of Education, your School Board and your Board of Supervisors and they will readily tell you FUNDS are insufficient for all of their needed programs. ALL BUDGETS WERE CUT IN 1977 because of this fact.

Let me remind you that 30 percent of all the recipients of Homestead Exemption are SENIOR CITIZENS over 65 years of age or DISABLED VETERANS who are entitled to free taxes AND WE MUST CONTINUE EVERY EFFORT TO PROVIDE THE FUNDS FROM OTHER SOURCES TO CONTINUE THESE WORTHY PROGRAMS AND TO GIVE THESE PEOPLE THE FREE TAXES THEY SO JUSTLY DESERVE AFTER PAYING THEIR FAIR SHARE SO MANY YEARS.

The Deputies in the Assessor-Collector's office are the best qualified in the State and I personally invite you at my expense to call any State Department for their qualifications, particularly, those of Mr. Edward "Eddie" Murtagh and Chief Assessing Deputy, Mrs. Yvonne Ladner.

They have received special training at the University level through the University of Mississippi as sponsored by the State Tax Commission for the past six years plus the wide experience they have gained in the office, a knowledge that you cannot obtain anywhere else.

Mr. Lee should know that no assessment can be made by merely a stroke of the pen by the Assessor or his deputy as he implicates. They must have first hand knowledge in their chosen field and then present their appraised value to the Equalization Board which is the Board of Supervisors, and, that the final approval of all assessments is made by the State Equalization Board, the State Tax Commission.

I always tried to add a touch of professionalism to the Assessor-Collector's office and I have never overstepped the boundaries of my office having always had open and private discussions with the Board of Supervisors and frequent meetings with the State Tax Commission where I was no stranger.

I resigned my office because of prevailing ill health but not without much deliberation and some sadness to leave the many fine people who have been so generous and understanding to me and my family in the past.

I recommend Edward "Eddie" Murtagh for the office of Tax Assessor-Tax Collector because he has not been just a "clerk" as Mr. Lee indicated but a full time deputy Collector and Assessor in addition to being a general office manager.

I recommend him because of his qualifications, his dedication to duty, his service to his Country, his many civic endeavors which include President of your Blood Bank, President of Our Lady of the Gulf School Board, elected member of Our Lady of the Gulf Parish Council, Past Grand Knight of the Knights of Columbus, a 4th Degree Member, Past Commander of the American Legion and many, many more.

I URGE YOU TO GIVE EDDIE MURTAGH THE PROMOTION HE DESERVES AND HELP ELECT HIM OUR NEXT ASSESSOR-COLLECTOR ON FEBRUARY 25TH.

Very Respectfully and Gratefully,

GEORGE E. HEITZMANN  
Former Assessor-Collector of Hancock County

## MSU calls for students to ask aid early, \$'s tight

Students planning to enroll at Mississippi State University during the 1978 summer and/or fall semesters, and who plan to seek financial assistance, must apply to the office of Student Financial Aid prior to March 1.

"It is difficult to predetermine who will and who will not qualify for scholarships or financial aid," notes T. Larry Blankenship, associate director of the financial aid office. "I would like to encourage everyone who is interested or feels the need for assistance in covering the cost of their education to make application."

While March 1 is the priority deadline, he said applications will be accepted after that date, "as long as funds are available."

Persons applying for financial aid must complete the American College Test (ACT) Family Financial Statement. However, students interested only in applying for scholarships need only complete a MSU scholarship application.

"Financial need is not a consideration for the purposes of applying for scholarships," Blankenship emphasized.

Mississippi State offers a number of different forms of assistance to students, the associate director explained. "University academic scholarships are awarded to

entering freshman, based on their ACT composite score, high school class rank, leadership potential and outstanding character and personal qualities. For transfer students, scholarships are awarded on the basis of the applicant's cumulative grade-point-average."

Need-based financial assistance includes:

—National Direct Student Loans, long-term, low-interest loans which are not repaid until after graduation. Repayments being one year after graduation, with interest accruing at the rate of 3 percent per annum.

—Supplemental Educational Opportunity Grants, Basic Educational Opportunity Grants, and State Student

Incentive Grants, all of which do not have to be repaid. These grants are available to students who would not be able to attend MSU without this type of aid.

—College Work Study, a program available to students with financial need who must earn part of the educational expenses. A part-time job, it allows students to work up to a

maximum of 20 hours a week at the minimum rate of pay.

—Federally Insured Student Loans, arranged through a bank, savings and loan institution or credit union, which provide for federal payment of loan interest while the student is enrolled in school.

Repayments begin nine months after the student leaves school, at a seven

percent interest rate per annum. Many lenders within the state participate in this program.

For additional information or applications, students should contact their high school counselor or the Office of Student Financial Aid, Drawer AB, Mississippi State, Miss. 39762, telephone (601) 325-5665.

**WAVELAND BURGLARS' LOOT**—Chief Donald A. Dorn, left, and Inspector Robert Tardavouille of the Waveland Police Department survey loot recovered from a New Orleans apartment and a Waveland residence where it was stored after being taken from some seven homes in Waveland since last December. Charged with a total of at least 13 counts of burglary in connection with the breakings are a 21-year-old New Orleans youth and two Waveland juveniles. (Staff photo-Edgar Perez)

## Two appeal flood zone violation 'tear down' order to supervisors

A full board of the Hancock County Planning Commission was on hand Tuesday when the board of supervisors held a public hearing into two zoning variance appeals.

One of the appeals was filed by Jackson M. Wyatt of 102 Berkly Drive, New Orleans, who owns a house in Jourdan River Shores Subdivision, and the other by Gary Ponthieux, also of New Orleans, in relation to his house on Dove Street, Shoreline Park.

Both appellants were represented by attorney Joseph H. Benvenuti of Bay St. Louis, while representing the commission was its attorney, John A. Scaife, Jr.

No decision was made by the board following the hearings, they taking the matters under advisement until the first meeting of March.

The appeals were against directives of the planning commission ordering the appellants to remove work undertaken on the ground floor levels of houses whose living area was at the 12.5 foot minimum elevation level, a requirement of the code at their time the homes were built.

This work, the commission claimed, was completed or continued after the appellants had received a stop work order issued by the county building inspector. Further, they claimed the area concerned exceeded the 12 foot by 12 foot arbitrary allowance set by the commission for such elevated houses, to permit installation of bathroom and storage facilities on the ground floor in a walled in area. The balance of the area could, the commission allowed, be screened, but none was to be made into a habitable space (such as a bedroom).

Sworn as witnesses in the Wyatt

hearing were Bob Stroud, contractor; Carl Banderet and Mike Ladner, building inspectors; James Rester, president, Hancock County Planning Commission.

County Attorney Walter Gex, III, acted in the capacity of hearing officer, ruling on admissibility of exhibits, objections of attorneys, and imposing general courtroom procedure.

In his opening statement on the Wyatt case, Benvenuti said the appeal was being made to request a variance (to the Flood Control Ordinance) for a 12x24 foot enclosure under a piling house, the original request being denied but approved for a 12x12 foot enclosure, but notice of the decision not having been received until the improvements were substantially complete.

Scaife said he would show that at the time of the original variance request no improvements were made on the property in question and that a meeting of the commission in July, 1977, a variance of 12x12 was granted, in accordance with planning commission policy for such matters, and that a letter to this effect was mailed to Wyatt, a letter that later was said not to have been received. He said that Wyatt visited James Rester, commission president, on July 9, to get the results of the hearing, and was told a variance had been granted in the amount of 12x12 or 10x12. Rester couldn't remember which Wyatt then came back and completed the improvements and is now asking he not be made to institute action resulting in their removal.

Both attorneys stipulated the property is in a flood prone area and

agreed to the introduction of documents into the record.

Questions arose over whether or not a building permit had been obtained, the exact conversation with James Rester, the effort made by Wyatt to clarify what appeared to be "grey areas" in interpretation of definition, the meaning of "substantial improvements" under the articles of the code, the actions and communications taken and originated by the building inspector, whether any of the improvement made constituted an area suitable for conversion or use as a living area.

In the Ponthieux case, the appeal sought a variance permitting construction of a 20x24 enclosed space, beneath their home, instead of the granted 12x12.

Also stipulated to be in a flood prone area, the house was constructed by the appellant and his wife working at weekends, and was cleared by the building inspector on completion of the upper story.

Problems arose after the owners allegedly continued to stud and frame in the ground floor after receiving notice for work stoppage from the inspector.

Ponthieux said he had stopped upon receiving such notice and they had not touched a thing since.

Asked what they must do if the supervisors deny their request, Ponthieux said they must tear down basically what they had put up (under the house).

The supervisors said their next meeting, at which time the decision will be handed down, is March 6.

## County pipeline ...

(Continued From Page 1A)

of gas per day and before such production can be dedicated to local use, a satisfactory customer list, showing consumption of such output, has to be developed.

Webre indicated that such industries as Borg Warner may have already located at Port Bienville had the gas supply been available.

He said the county may have to encumber itself to be a supplier of gas to future industrial prospects as well as municipal and domestic customers should the negotiations prove beneficial.

Switching subjects, Webre asked approval for payment of \$4,800 to Advanced Development, Inc. of Bay St. Louis, for the preparation of application to the Federal Aviation Administration for federal assistance in construction taxi way extensions, interconnecting taxi ways to the main runway, construction of a general aviation apron, and installation of an Instrument Landing System (ILS).

If successful the application will result in the government paying 90 percent of cost, and the county 10 percent - to be paid from the Airport

Construction Fund.

Webre sought and obtained approval for Burk and Associates, engineers, acting under their retainer with the county, to prepare pre-applications for Port Bienville channel improvements on a "nothing ventured-nothing gained" basis.

Moneys sought here are 80-20 government funds under the new energy impact program, a plan calling for pre-applications to be filed by March 10.

In a separate Stennis Field matter, supervisors approved an easement to Coast Electric Co., to permit the installation of power poles to the industrial area, now housing the Glenwell concern whose building is in advance stages of completion.

Still on industrial development, the supervisors gave roll call approval to motions calling for the issuance of a certificate of necessity to Alcan, and Atlas Powder, clearing the final hurdle for the issuance of industrial revenue bonds, and granted an ad valorem tax waiver to Halter Marine at Port Bienville.

In an unrelated matter, H.D. Mulford Contractors of Gulfport was low and successful bidder, at \$49,958.59, for the striping and marking of 77.635 miles of state aid roads within the county. State estimate for the job was \$42,822.66.

Other bidders were: Catapote, Jackson, \$50,122.68; American United Products Corp., Natchez, \$53,143.46.

## Homemakers' topics vary

Various projects for the year were discussed at the February 16 meeting of Bay

The next meeting will be at 2 p.m., March 16.

St. Louis Extension Homemakers Club held in extension auditorium. Mrs. Pauline Reid, president, presided.

Mrs. Alice Heitzmann, new member, was welcomed by the group. Mrs. Rosalie Renigo and Mrs. Bernice Scaife hosted the social hour.

## River fate ...

Phase III, development of the Industrial Park, is funded at \$1 million and includes the \$297,000 sewerage system.

The proposed design for the system is for domestic waste but according to Wilson Weber Port and Harbor Commission director there will probably be some industrial wastes, but we don't know how to anticipate it at this time.

"The Pollution Control Commission would need to come up with decisions on the kinds of industrial wastes to be allowed."

Stone said "The people down there must decide if they want an industrial park in a residential area."

Webre said he now holds two applications from industries to locate at the park. One, already under construction, is a door factory, and the other is a printing plant.

He said the door factory waste will be domestic and that the printing plant "would probably have some industrial waste, but we won't have them if they are not allowed by the pollution people."

"We will have to be selective of the kind of industries that locate in the park," Webre said.

Details of the system will be presented at the hearing by Mike Smith of Advanced Developments engineers under contract to the Port and Harbor Commission.

Also to be considered at the hearing are alternate routes for discharging effluents from the sewerage system, such as Bayou LaCroix or a ditch north of the airport which would empty wastes further up the Jourdan River.

## Waveland P.D. ...

tavouille and Officer Sandra Henley Sunday recovered a large quantity of household items taken in the burglaries from a New Orleans apartment which was to be rented by Shifflett.

The officers said the merchandise was recovered from the apartment at 346 Belleville St., New Orleans, through the cooperation of the landlord and New Orleans police.

Dorn said the officers found such a quantity of items that a second Waveland PD squad car was summoned to New Orleans to transport the

loot back to the police station here.

Among the recovered items was a \$500 telescope which is to be returned to its owner by the Waveland police for the second time.

Other valuables recovered by police include a wide variety of household appliances such as radios, coffee pots, ovens, toasters, blenders, clocks, steam irons and stereo systems.

Also recovered were quantities of bedding, bath linens, fishing equipment, silverware, brass fireplace fixtures, ice chests, groceries, and

(Continued From Page 1A)

liquors.

The officers said some of the stolen items had been stored at an unoccupied residence at 149 Favre St.

The juveniles have been referred to the Hancock County Youth Court, Dorn reported.

Waveland police also reported investigating a Saturday night incident of vandalism in which a piece of asphalt was hurled through a plate glass window of Lil' Ray's Restaurant on US-90.

## Homemakers appoint '78 committees

Mrs. Delphine Taconi, Busy Fingers Extension Homemakers Club, president, appointed committees for the year at Tuesday's meeting held in extension auditorium. Named were: Mesdames, Ethel Breau, Fran Cramer, Gladys Discon, Delores Farve, Becky Henley, Gloria Holmes and Mat Rhodes.

Handmade Easter gift items were displayed by Mrs. Martha Rutherford, who also

hosted the social hour.

The meeting closed with the thought of the months, "It is harder to conceal ignorance than to acquire knowledge." The next meeting will be March 21.

## Library Friends seek to expand membership rolls

Mrs. Prima Wisnack, director, Hancock County Library, will speak on the need and goals of the library at a membership meeting of The Friends of the Library, 7:30 p.m., March 1, in the Crawford Room, there now.

Dues are \$2 per year with funds going to extend library services. Further information is available from Ms. McCormick, at 467-6315 or Lyn Nybo, membership chairman, at 467-7019.

## Ellis infant is baptized

Aimee Lynn Ellis, infant daughter of Mr. and Mrs. Michael Joseph Ellis of Bay St. Louis, was baptized Sunday, February 19, at Our Lady of the Gulf Catholic Church with Rev. Morgan Kavanaugh, pastor, officiating. Godparents are Mrs. Judy Seawright and Scott Rutherford.

## Obituaries

**MABLE MANNING**  
Mrs. Mable Manning, a former resident of Pass Christian, died Saturday at St. Dominic Hospital in Jackson, at the age of 69.

In recent years she lived in Crystal Springs, her native home.  
Funeral services were Monday at the Crystal Springs Episcopal Church, with burial in Crystal Springs Cemetery.  
Mrs. Manning is survived by one son, Larry Michels of Hopewell Junction, N. Y. and two daughters, Mrs. Robert (Zelma Carol) Kell of Howell, Mich., and Mrs. Rick (Patricia) Walter of Huntington, N. Y.  
Stringer's Funeral Home of Crystal Springs was in charge of arrangements.

**LOUISE LANG**  
The funeral for Mrs. Louise T. Lang, 86, was Monday at St. Paul's Catholic Church in Pass Christian with burial following at St. Paul's Cemetery.

Mrs. Lang, a resident of 125 Hayden, Pass Christian, died Sunday at Gulfport Memorial Hospital.  
She was a native of Columbus, Ohio, and a Pass Christian resident for 35 years.  
Survivors include her husband, Eaton A. Lang; three step-sons, Eaton A. Lang, Jr., John H. Lang and Nelson C. Lang, all of Pass Christian; and eight step-grandchildren and one step-great-grandson.  
Lang Funeral Home in Gulfport was in charge of arrangements.

**BELMA DAVIS**  
The funeral for Mrs. Belma Lee Taylor Davis, 62, was Monday at Sycamore Baptist Church, Picayune, with burial following at Sycamore Cemetery.  
Mrs. Davis, a resident of Rt. 3, Box 266, Carriere, was a native of Del Rio, Texas, and a nurse's aide at Touro Infirmary in New Orleans.  
She is survived by her husband, Lonnie L. Davis, of Carriere; two sons, Marvin T. Davis, Sr., of Picayune, and Lonnie L. Davis, Jr., of New Orleans; two daughters, Mrs. Evelyn Lee of Picayune and Mrs. Lorraine Miller of New Haven, Conn.; a brother, Jack Taylor of San Antonio, Tex.; a sister, Mrs. Cleo Marshall of Kenner, La.; 18 grandchildren, and nine great-grandchildren.  
McDonald Funeral Home in Picayune was in charge of arrangements.

**EUGENE MASSEY**  
Visitation for Eugene Hubert Massey, 70, of 104 Sycamore St. Bay St. Louis, was held at Riemann Fahey Funeral Home in Bay St. Louis Sunday evening.  
Massey, a retired bricklayer, died Friday at Hancock General Hospital.  
He was Baptist, a World War II army veteran and a 10-year resident of Bay St. Louis, coming from Altus, Okla.  
The body was sent to Tims Funeral Home in Altus, Okla., for services and burial.  
Survivors include his mother, Mrs. Janie Burnside Massey of Altus, Okla.; two sons, Larry R. Massey of New Orleans and Gary G. Massey of Altus, Okla.; two daughters, Janie Massey and Mrs. Debra Morlin, both of Texas City, Texas; a sister, Mrs. Leta Jo Burden; a brother, Ralph Massey, both of Altus, Okla.; and five grandchildren.

**LENA R. CHAPMAN**  
Mrs. Lena R. Chapman, 90, 112 Beach View Drive, Pass Christian, widow of W. E. Chapman, died Monday at Miramar Lodge Nursing Home in Pass Christian.  
Born Nov. 9, 1887, in Henshaw, Ky., she had resided on the Coast for five years and was a Presbyterian.  
Her only survivor is a son, Charles E. Chapman, Pass Christian.  
Funeral service was Wednesday at Riemann Funeral Home Chapel in Pass Christian. Rev. Charles Hassell, pastor, Pass Christian United Methodist Church, officiated. Burial was in Live Oak Cemetery.

**ALMA PIAZZA**  
Mass for Mrs. Alma Hazel Johnson Piazza, 84, was celebrated Tuesday in Our Lady of the Gulf Catholic Church in Bay St. Louis, followed by burial in St. Mary's Cemetery.

Mrs. Piazza, widow of Anthony Joseph Piazza, Sr., and a resident of 122 Ulman Ave., Bay St. Louis, died Sunday at Miramar Lodge Nursing Home in Pass Christian.  
Born in Gretna, La., she was a member of Our Lady of the Gulf Catholic Church.  
She is survived by one son, Anthony J. Piazza, Jr., of Metairie; one daughter, Mrs. Rosemary Piazza Pisciotto of Palos Verdes, Calif.; two brothers, Harold Johnson and Andrew Johnson; three sisters, Irene Johnson, Mrs. Rita Canevare and Mrs. Ada Kent, all of New Orleans; eight grandchildren and three great-grandchildren.  
Edmond Fahey Funeral Home, Bay St. Louis, was in charge of arrangements.

**MAGDALENA NEWMAN**  
Mrs. Magdalena A. Newman, 86, of 1104 Waveland Ave., died Saturday at Gulfport Memorial Hospital.  
The body was sent from Riemann Funeral Home in Gulfport to Leitz-Egan Funeral Home in New Orleans where funeral services were Monday.  
She is survived by two sons, Gilbert Newman Jr., of Waveland and Harold Newman of Algiers, La.

**LUCY M. SHEPARD**  
Mrs. Lucy M. Shepard, 81, of 735 16th St. Gulfport, died Saturday at Gulf View Haven Nursing Home in Bay St. Louis.  
Requiem Mass was Monday at St. James Catholic Church with burial following in the church cemetery.  
Mrs. Shepard is survived by a son, Clarence David Shepard of Albuquerque, N. M.  
Lang Funeral Home, Gulfport, was in charge of arrangements.

**POISON CAMPAIGN**  
A publicity campaign to educate the public about the importance of packaging to prevent accidental poisoning is underway by the Ole Miss Bureau of Pharmaceutical Services in cooperation with the Mississippi State Pharmaceutical Association.

### Tina Rodrigue is oratorical winner in Pass

Tina Rodrigue, daughter of Mr. and Mrs. Sidney Rodrigue of Pass Christian, was recently named winner of the annual Joe Graham Post 119, Gulfport, American Legion oratorical contest.

A senior at Pass Christian High School, Miss Rodrigue is a Beta Club member, and is listed in Who's Who Among American High School Students, and the Society of Distinguished High School Students.

Miss Rodrigue transferred to Pass Christian High School at the beginning of this school year from Avondale, La., where she was a member of the L. W. Higgins Mu Alpha Theta, International Club,

Academics Games League, Debate Team, National Honor Society, and Junior Prom Decorating Committee.

Speaking on 'The Constitution, as did all the contestants, Miss Rodrigue, who received a \$250 scholarship, will represent the Gulfport post at the district contest next month in Bay St. Louis.

#### DEBATE PROGRAM

Ole Miss students interested in debating can participate in a forensics program offered through the College of Liberal Arts. The new program includes instruction and practice in debate, persuasive speaking and oral interpretation.

### World of books visitors

#### sought by Pass library

By FLORENCE ROBBINS  
Pass Christian  
Library Volunteer

The library can play an important role in the lives of young mothers and housewives if they care to make use of the many varieties and types of books available to them, simply "for the borrowing."

To enjoy your children, books can guide in watching, understanding and influencing their development.

To read to the children snatch daytime periods. Let Daddy have bedtime hour. This can be a family tradition, treasured in years to come.

To start the pre-school child's life time good habits, good eating and nutrition through good reading means trips to the library for a chance to choose his own picture books.

To perfect a skill, sewing, knitting, crocheting, for example, the "how to" books are available on the shelves.

To make your home more beautiful, the library has

books on decorating to spark your imagination; books to show you how to do cane and rush seats, or re-upholster that old chair.

To study something that interests you, gardening - get ready for spring or house plants, nutrition, or even history (start with the history of Pass Christian).

To make a marriage better. Books can help. Remember not so long ago (before you were married) when a whole evening alone with 'him' was something wonderful? How about sharing a marriage book? One senior citizen remarked after reading a Dr. Rubin book (the library has his and many more), "I wish I had had that 30 years ago."

Now is the time for you to visit our world of books.

**Quasar**  
makes television special again

Special Picture  
Big, bright picture with deep reds, vibrant blues, greens and incredibly natural flesh tones.

Special Reliability  
100% Solid State "Service Miser" Chassis with the Super Module has fewer parts and interconnections, less wiring so there's less to go wrong.

Special Tuning  
"Super Insta-Matic" Color Tuning with Electronic Light Sensor automatically and instantly adjusts the picture when room light changes.

Special Economy  
The 25" diagonal Color TV uses less energy than two 60 watt light bulbs (typical) - helps you conserve energy, save on electricity.

Special Sound  
Two speakers deliver big, rich sound. Speakers on each side of screen give the effect of sound coming directly from the picture.

Special Styling  
Magnificently styled cabinet fits all the warmth and charm of Early American furniture design.

## Editorial opinions-Ellis Cuevas

## Did you order yours!

Next week Girl Scouts will deliver orders of Girl Scout Cookies.

If you haven't ordered yours yet, you may still have time by calling Neighborhood Cookie Chairman Marilyn Hille at 467-5217 or Neighborhood Chairman Ethel Schott 467-9733.

Funds raised by this cookie sale help Girl Scouts with their troop activities, and provide funds for further development and maintenance of Camp Ita Kana.

Girl Scouts of today are the mothers and professional women of tomorrow.

Be sure you give them a little help.

## They get little praise

We hear little praise today given to the ladies who take it upon themselves to be Girl Scout leaders.

Not only do these volunteers serve with individual troops they also serve as directors, neighborhood chairmen, and neighborhood cookie chairmen.

We are sure many individuals and corporations, have made monetary contributions to Gulf Pines Girl Scout Council's Camp Ita Kana, "our" girl scout camp. These donations are appreciated and needed for its continued operation.

Those who make contributions to the United Way also help Girl Scouting.

We say "hats off" to anyone directly or indirectly associated with Girl Scouting.

## Sewers to be fixed

Motorists in Bay St. Louis, plagued with collapsing roads, due to breaks in the underground sewer lines, will welcome council's decision on Tuesday to have their crew, under professional engineering supervision, repair the break at St. George and Second.

The delay has been caused by the failure of hinged joints, recommended by the engineers, to arrive.

Council also instructed Mayor Larry Bennett to get an engineer's report on several other breaks, and suspected breaks, and then advertise for their being fixed under a single, packet bid.

We can understand the delay in fixing the breaks, we just hope it is the last time for most, particularly the one at St. George and Second. As we have said before, the dirt must be worn out by now from being dug up and put back.

It will be nice to drive through the streets of Bay St. Louis without having to dodge sewer cave-ins.

We believe the last time a motorist could do this was before the sewer lines were installed.

## It's that time again

Saturday is election day again - A special run-off election for the office of Hancock Tax Assessor-Collector.

Be sure to vote, and remind your friends to vote.

## Poet remembered

By JOE PILET  
Gulfcoast Chapter  
DAR Americanism  
and Citizenship

In 1958 Americans were saddened by the death of Edgar Albert Guest, English born American poet, who contributed inspirational verses to enrich the lives of Americans and awaken a pride in home, country, and friendships. Guest came to the United States from Birmingham, England and attended public schools in Detroit, Michigan.

One of his best loved poems, and as appropriate for our times as when it was written is:

BE A CREDIT  
TO YOUR TOWN

Be a credit to your town,  
Help to build its fair renown;  
Stoop to nothing that would shame  
Either yours or its good name.

In whate'er you find to do,  
Have your city proud of you.

Serve it in every way you can;  
In your trials play the man;

Guard its honor as your own;  
Keep its petty faults unknown;  
Be a kind and genial host;  
Love your town but do not boast.

When you travel east or west,  
For your city live your best;  
Prove by every act you do  
That its citizens are true.

Let men learn to link your name  
With the town from whence you came.

Cities grow not great by stone,  
Or the wealth of land they own.

All the fame they rise to win  
Comes from men who dwell therein  
Human hearts shape all renown;  
Be a credit to your town.

**LITTLE BRAINS** - The vehicle driver making these ruts through Commodore Park located across from the Bay-Waveland Yacht Club, had few brains - if any. We are amazed how a Mississippi or any other state driver's license could have been awarded to a person of such low intelligence. We hope the law enforcement agencies apprehend the culprit, or culprits, to enable us to have the opportunity of meeting someone without any brains. If possible, we will run his photo on front page. (opinion and photos - Ellis Cuevas)

## Bay High praised

Gulf Coast Basketball  
Officials' Assn.  
Gulfport, Mississippi  
January 29, 1978

Mr. J. D. McCullough,  
Superintendent  
Bay Saint Louis Schools  
Blue Meadow Road  
Bay St. Louis, Ms. 39520

Dear Mr. McCullough:

On behalf of this organization, I wish to thank all personnel at Bay High School who were responsible for conducting the recent invitational basketball tournament at the Tiger Dome.

All four officials who worked the tournament commented on the excellent planning, preparation, crowd control and supervision evident throughout the four day event. Especially noteworthy was the involvement of school supervisory and faculty personnel who served as hosts, monitors, receptionists, scorers and timers. Communication between officials and those keeping the clock and scorebooks was excellent at all times. We as basketball officials are indebted to you for the cordial welcome and hospitality extended to each of us. Bay High continues to set an example for other schools to follow when hosting these invitational tournaments.

Please convey our appreciation to all those who contributed to the effort.

With warm personal regards,  
George G. Roberts,  
Secretary

**SAINTS AND SINNERS**  
The monthly adult Saints and Sinners Club dance will be held in St. Clare's Parish hall, Waveland, Saturday, Feb. 25, from 9 p.m. to 1 a.m. Music will be by the Dixieland Saints Jazz Band of New Orleans. Further information is available by calling Rose Garza, Waveland.

The editorial page

## Our Heritage

Did you  
know..?

The Indians who lived along the Mississippi Gulfcoast long before the arrival of the white man used insect repellent? Elise Beauchamp has researched the life style of these early tribes and her by-line article scheduled to appear in Our Heritage will reveal many interesting and little known facts.

You, too, are invited to make a contribution to this publication.

Joe Pilet, editor, welcomes your comments and contributions.

Her telephone number is 467-5551. Call and add your valued suggestions.

## Election ...

(Continued From Page 1A)

The old south Bay precinct has been divided at US-90 into two precincts, and Otis is transferring registration Saturday as a convenience to voters, saving them the necessity of making a special trip to the courthouse.

Some 90 voters living north of US-90 in the old South Bay precinct have already transferred their registrations to the new West Shoreline Park books, Otis pointed out.

Those voters already transferred will vote Saturday at the West Shoreline Park polling place, located at the East Hancock County Volunteer Fire Department, one block west of the Hwy. 603-Our Shopping Center Shortcut Road.

Otis said a permanent sign on the shortcut road indicates where to turn off to the polling place.

Those voters living north of US-90 in the new West Shoreline Park precinct who have not yet transferred their registration should report to the old South Bay precinct at Christ Episcopal Church parish hall, Otis said.

Both candidates in the runoff have urged voters to express their choices between the two in Saturday's election. Murtagh is a native and lifelong resident of Bay St. Louis. He is married to the former Beryl Bourgeois and the couple has seven children.

He is a 1942 graduate of St. Stanislaus College and an Army Air Corps veteran of the World War II South Pacific theater of operations, having served at Saipan, Iwo Jima and Okinawa.

Among his civil activities, Murtagh holds an honorary life membership in Clement R. Bontemps American Legion Post No. 139, Bay St. Louis, where he served for three years as post commander and for 12 years as adjutant. He is currently a trustee of the organization.

Murtagh is a past president of the Bay St. Louis Catholic Elementary School Board, and served for four years as a member of the parish council of Our Lady of the Gulf Catholic Church.

He is a current member and past grand knight of the Bay St. Louis Knights of Columbus.

Lee is married to the former Leonia Jean Moran. The couple has seven children between the ages of 11 and 22 years.

He is a graduate of the old Kiln High School and attended vocational college in New Orleans.

From 1958 to 1968, Lee was a member of the clerical department staff of the Southern Pacific Railroad, where he resigned as head cashier when the company moved its operations to Houston.

Lee is a member of the Hancock County Farm Bureau and the Hancock County Fair and Livestock Association, and has played a leading role on the Hancock Farmers' Committee on Crop Disaster Relief.

He is a member of the Waveland Civic Association and Annunciation Catholic Church.

The candidate has been engaged in a self-study program offered through the Pearl River Junior College on tax assessment, collection and millage.

**WE'RE NUMBER 1!** The 1978 Bay High cheerleaders now have best record of any squad in school history. The girls, left to right, are: front, Joy Gonzales, Lisa Thomas, co-captain;

Evelyn Bell, Sheila Bell, and Stacy Ball; back, Tracey Steffel, Sandra Caruthers, Meg McDonald, Michele Lafontaine, and Cathy Bosley, captain.

## BHS Cheerleaders set school record

The 1977-78 Bay High Cheerleaders have set a new school record with a 22-0 performance during the basketball season.

The squad was judged while competing with the opposing team's cheerleaders at every

boys' basketball game this year. Categories in which the cheerleaders were graded included: signs, floor performance, and yelling in the stands.

The ten Bay High girls at-

tended a National Cheerleaders Association Clinic at Gulf Coast Junior College at Perkinston in which they received superior ratings and won first-runner-up for the Award of Excellence.

Senior cheerleaders included Cathy Bosley, captain, Michele Lafontaine, Sandra Caruthers, Meg McDonald, and Tracy Steffel. Co-captain Lisa Thomas, Sheila Bell, and Stacy Ball are the juniors on the squad, and Joy Gonzales and Evelyn Bell are sophomores.

## Cox's pitching sets stage for Rock victory

St. Stanislaus' sophomore pitcher Scott Cox struck out seven batters to win, 5-1, over O.L.V. Tuesday at St. Stanislaus field.

Cox pitched seven innings, allowing only two hits and throwing four runners out on base. For the OLV Eagles, Nelson Davis went the distance, giving up five hits and striking out two.

For the Rock-a-chaws, Kelly Geroux got three hits in three times at bat, and followed up with two runs. Todd Edwards, Gary Sotak, and freshman Andrew Haas scored the other three runs on a triple by Kerry Corr.

St. Stanislaus added the win for a 2-1 record in the baseball season.

Your Mississippi Lung Association cares about every breath you take.

**SAFE AT THIRD**—But just barely! Perre Cabell, 21, eased into third as the OLV baseman "keeps his eye on the ball", in Tuesday's game.

## Delta State is hometo energy class

The Department of Physical Sciences at Delta State University has been awarded a \$9090 grant by the Department of Energy to conduct a workshop for high school teachers here July 11-20. The grant will provide some support for the participants.

The program will consist of eight days of study of energy problems and possible solutions with discussions of methods of presenting energy

related topics to high school classes.

Dr. Dick Myers, professor of chemistry at Delta State and director of the summer workshop, said participants will receive three semester hours credit for taking the class.

For more information on the workshop contact Myers in the Department of Physical Sciences, Box 3255, DSU, Cleveland, MS 38733, or the Division of Continuing Education, Box C-1, DSU.

## Hawkettes vie for State title

By SHARON WALLS  
For the third year in a row, the Hancock North Central Hawkettes are competing in the State tournament this week in the Mississippi Memorial Coliseum in Jackson.

The Hawkettes, ranked third in the South State division, met second place Pontotoc of the North division in the Class A tournament Wednesday at 9 a.m.

A surprise loss to St. Joseph's of Jackson, 54-53, dropped Hancock to third rung in South State. The Hawkettes defeated St. Joseph by 20 points during the regular season.

Joye Nell Lee was high scorer for North Central in that game, sinking 21 points, followed by Sheila Ladner with 14.

The North Central girls won their way to State competition with a win over District VIII rival Stone County, 51-29, Saturday night. The Hawkettes rolled out to a 17-6

lead in the first quarter and never allowed the Tom-kittens more than 10 points in any quarter.

Setting the pace for the Hawkettes, Sheila Ladner netted 19 points with seven goals and five free throws. Lee sank 16.

"We just made too many mistakes Friday night. We were rushing it," commented Charles Grantham, coach of the Hawkettes. "Saturday we simply tried to correct our errors."

In his six years of coaching at Hancock, Grantham's team has been to the South State five years running and to the State contest three years.

"We got beat the last two time we went to State, but this year we could bring home the trophy," Grantham said. "We have as good a chance as anybody, but we can't afford to have an off-game."

"Next year we are looking forward to an even better season. All of our players will be returning."

## HCBC sends four to state tourney

Four boys from the Hancock County Boxing Club, winners of the South State competition, will fight in the State Golden Gloves tournament, scheduled for the first week of March in Cleveland.

The winner of the 119 lb. novice division in the South State contests, which finished up Sunday in Hattiesburg, was Make Stringer. Darryl Robinson won the honors in

the 91-95 lb., 14-15 year old class. In the 86-90 lb., 12-13 year old class, Phillip Harleux took the win. Donald Carver won the decision in the 148-156 lb., 14-15 year old class. These boxers will represent the South State division in the State tournament.

Fifteen boys from the Hancock County club fought in the finals Sunday. The runners-up included Sam Schoonmaker in the 6-7 year old, 60 lb. class; Bruce Robinson, 6-7 year old, 65 lb. class; Andre Daniels, 8-9 year old, 65 lb. class; Shawn Henderson, 12-13 year old, 110 lb. class; David Carver, 12-13 year old, 115 lb. class; Troy Simpson, 12-13 year old, 125 lb. class; Timothy Surret, 14-15 year old, 90 lb. class; Albert Jarrell, 14-15 year old, 115 lb. class; Joe Pavolini, 112 lb. novice division; Daniel Mixon in the 125 lb. novice and Mike Vanpeski in the 178 lb. open class.

Vanpeski, in his first time in the ring, was hit in the throat during his bout. The referee stopped the contest and Vanpeski received medical attention. He has now recovered.

The scope of lung programs are further broadened to include concern for the lungs of children as well as adults. Healthy lungs start young and need protection from health hazards of smoking and air pollutants.

**License loss is serious matter****Bad driving may affect employment**

Having a driver's license revoked by the Mississippi Highway Safety Patrol is a serious matter. Even if the license is not revoked, a bad driving record is sometimes grounds for being refused employment according to Robert Salley, Director of the Driver Improvement Bureau of the Department of Public Safety.

Salley said, "It is really serious when the head of a household is unable to get to and from work because of a revoked driver's license. This almost always causes an unbearable strain on the family unit where everyone suffers, especially the younger children who are so impressionable."

"Most people would be surprised at just how many drivers are paying exorbitant insurance rates because of poor habits exercised behind the wheel of an automobile. In the first place," Salley said, "a traffic citation is part of a driver's history until its three year anniversary date. Annually, we provide more than 250,000 of these driver histories to insurance companies and the general public in Mississippi. After three moving violation tickets within a 24-month period, a warning letter is sent by us to the offender. With four such violations during a 24-month period, one of our Driver Improvement Officers meets with the offender for an interview and the offender is placed on probation. Suspension of the license comes with five moving violations with 24 months, if the offender has been placed on probation prior to the interview. Definite suspension goes into effect when the sixth citation is received within 24 months, even if the driver has not been warned before."

Salley said, "We try to be reasonable, and unless one proves that he is a menace to highway safety, we don't attempt to revoke or suspend the license."

"A particular offender that we must remove from our highways is the person who drives under the influence of alcohol (DUI) or drives while intoxicated (DWI). This type individual is a threat to the very safety of fellow motorists. We realize that

**SSC Sideliners****elect Whitman as next prexy**

Frank Whitman, III of Pass Christian has been elected president of the St. Stanislaus Sideliner Club. He succeeds Harry Bowes whose term has expired.

Under the club's by-laws a director may only serve in the same capacity for two years.

Anthony Trapani, who served last year as second vice-president, was elevated to first vice president, and Emmett McKeough was elected to fill the second vice president vacancy.

Lester Haverly, Jr., served as first vice president for the last two years.

The two remaining projects for the club during the current operation year are the Italian dinner, scheduled for March 4, and the Annual Fair and Miss Popularity contest, slated for May 6 and 7.

Cost of tickets for the dinner are \$2.50 for adults and \$1.25 for children, and are obtainable from Sideliner Club members.

**Government retirees to get pay hike**

A cost of living increase of 2.4 percent will show up in April pay checks issued to all retired federal and military members.

The raise, which goes into effect automatically March 1, will affect the retired federal employees and more than 6,000 retired military persons living on the Mississippi Gulf Coast. Federal and military pensions are adjusted twice a year, by law, to keep them current with rising living costs.

sometimes a person is charged with DWI or DUI only once in a lifetime. For these, the first offenders, the Governor's Highway Safety Program has what is known as the Mississippi Alcohol Safety Education Program (MASEP). This program allows a person to attend a rehabilitative school once a week for four weeks at various

facilities throughout the State. Persons attending this program must be referred to the school by the judge who handles the DWI or DUI charge."

Salley said, "Insurance rates almost always increase when traffic citations are issued. For safety and savings, drive the speed limit, and do so courteously."

Plant Manager  
G. B. Howell

Surveyors continue to lay out the site

by EDGAR PEREZ  
Construction of the DuPont pigment plant at DeLisle is now 20 percent complete, with company executives expecting to take occupancy of the permanent administration building before April 1.  
"I guess it can now safely be said we are here to stay," quipped plant manager Gordon Butler Howell.  
Howell and Larry E. Kniffen, assistant plant manager, both said they are "very excited" about progress on the company's \$158 million plant here.  
"You can't imagine the feelings one experiences watching a project of this dimension become a reality after working with it for four years from the time when it was only a dream," Kniffen said.  
"There's no doubt in my mind that this is going to be the most beautiful manufacturing facility DuPont has anywhere in the world," Kniffen continued.  
The executives noted this week that some sections of the plant are already completed and others approach completion in the immediate future.  
A raw-materials warehouse has been

completed and is currently in use as a storage facility for construction supplies.  
Another warehouse destined for storage of the plant's finished product is "virtually complete," according to the managers.  
"The major portion of the steel has already been erected and we have set a good many major pieces of equipment in place," Howell pointed out.  
Although the physical structure has reached 20 percent of completion, the plant chief said that progress represents a considerably larger percentage of the \$158 million investment.  
Kniffen said fill operations at the site should be completed by mid-summer, considerably lessening the controversial heavy truck traffic over a 4.5 mile stretch of the Kiln-DeLisle Road between Interstate-10 and Fire Tower Road.  
"That phase of the construction should have already been completed, but was considerably slowed by the extreme weather conditions of the past two months," he explained.  
The huge smokestack visible from most areas surrounding Bay St. Louis is completed to its full height, Kniffen said. The stack will discharge smoke from coal-burning boilers, and will not be directly involved in the chemical manufacturing process, he noted.  
In addition, the Mississippi Power Company is nearing completion of an electrical sub-station it will operate on the site.  
The plant is surrounded on three sides by a 20-foot embankment which protects the site from a possible storm tide surge, and serves as a retaining wall in the event of accidental spillages of environmentally harmful materials during operation of the plant.  
The eastern and southern portions of the levee will also serve as the on-site track embankment of the 13.5-mile DuDe Railroad spur between the plant and Iof's Central Gulf mainline north of Gulfport.  
All drainage from the plant flows to a large holding pond at the southeast corner of the site where solids will settle out of runoff slated for discharge into the Bay, and where pH and other qualities of the water can be measured and adjusted.  
Kniffen said the pond is currently the adopted home of a six-foot alligator named George who has become the pet of construction workers who feed him

sandwiches and other lunch pail delicacies.  
The completed plant will occupy some 200 acres and is to be surrounded by an additional 2,000-acre buffer zone. Kniffen said about 300 acres are currently in use during construction.  
The surrounding 2,000 acres are fenced and posted by the company, and Kniffen said seven feeding stations are being maintained for propagation of wildlife.  
Signs at periodic intervals along the perimeter of the 2,000 acres designate the area the "DeLisle Forest of E.I. DuPont de Nemours & Company, Inc., providing timber, wildlife and natural beauty under a sustained-yield program. Please No Trespassing."  
Kniffen said ponds and forests surrounding the plant will be maintained as "strictly private."  
Also in the buffer zone, the company is preparing a section which will serve as a nursery, providing a continuous source of trees, shrubs and plants for landscaping the main plant site.  
The nursery is to be initially stocked by Sam Scaffidi's Evergreen Nursery, Kniffen said.  
Howell said a one month postponement of a U.S. Army Corps of Engineers hearing on objections to portions of the proposed DuDe Railroad was prompted by the U.S. Fish and Wildlife Service.  
He said the Wildlife Service has questioned the environmental feasibility of crossing an oxbow lake near the Wolf River with a railroad trestle.  
The Wildlife Service has requested DuPont's railroad subsidiary, the Southern Mississippi Transportation company, to change plans for the tracks to a point some 200 yards to the north, thus avoiding the lake altogether, the DuPont executive pointed out.  
The environmental group Save The Bay has praised the postponement as a "big step forward" in its efforts to prevent the railroad company from building embankments and trestles for track crossings of the Wolf River, DeLisle Bayou and Turkey Creek.  
Howell said he feels the original Feb. 15 date set by the Corps for the hearing may have been too early for adequate input of public opinion on the issues.  
The hearing is now set for 7:30 p.m. Wednesday, March 15, at the Westside Community Center, US-90, Gulfport.  
(Continued on Page 2B)

**'We're here to stay,' says DuPont manager as plant passes 20 percent completion mark**

## DuPont 'here to stay'...

(Continued from Page 1B)

Kniffen also elaborated on DuPont's position on the controversial possibility Gulfport beaches will be blackened by spillage of ilmenite ore as it is offloaded from ships onto rail cars in the Port of Gulfport.

"This ore is so valuable to DuPont that you can be sure we will see to it that we'll never lose enough to blacken Gulfport beaches," Kniffen said.

He said the ilmenite ore is the seventh most commonly occurring heavy mineral in nature, as evidenced by black sands which occur naturally on the beaches of Ship Island.

The company official said a volume of earth three feet deep and bounded by the dimensions of two football fields would naturally contain roughly 202 tons of heavy minerals.

Kniffen also cited the environmental impact statement which has been filed in connection with the plant operations: "Losses from transfer of ilmenite from ships to storage and from storage to rail cars will mainly be in the form of blowoff of the smallest particles.

"Most of this blowoff is expected to settle quickly onto the dock area and immediately adjacent waters.

"Since ilmenite is a valuable commodity, DuPont will attempt to salvage any accessible spill of substantial quantities of this ore.

"Long term, low level losses, however may eventually affect the coloration of the sand in the limited areas receiving these losses," the EIS maintains.

A further discussion of the railroad's

environmental impact is contained in the statement:

"Train movements of chlorine will be conducted in pressurized tank cars.

"Derailments, should they occur in waterways, will create a small potential for chlorine contamination which will destroy the aquatic biota in the immediate vicinity of the derailment.

"It should be noted that chlorine tank cars typically lose very little, if any, chlorine during derailments.

"Other potentially harmful freight which could act as a biocide if spilled into existing waterways include fuel oil and caustic.

"These commodities will be transported in containerized rail cars to minimize any potential losses during transportation or derailment," according to the environmental impact statement.

Howell said, in the simplest terms, the operation of the DeLisle plant involves the removal of iron from the ilmenite ore by causing it to combine with chlorine, forming iron chloride, a by product.

The removal of iron from ilmenite forms titanium dioxide, an ultra-white pigment and the plant's principal product, he continued.

Howell said the principal objection to the discharge of iron chloride into open waters is the fact that it turns red in water, a phenomenon which is quickly neutralized.

He noted iron chloride is used in many water purification processes.

Removal of iron from ilmenite produces titanium dioxide, an ultra-white pigment, the principal product of the plant.

The plant manager said only 50

percent of the plant output will be used in paint, with 25 percent of pigment sales used in manufacture of paper, and the remaining 75 percent to go into a variety of products such as toothpaste, plastics, textiles, ink and rubber.

"Per capita consumption of titanium dioxide pigment in the United States is eight pounds per person per year," Howell pointed out.

"The average person is surrounded with it most of the time and doesn't realize it," he stated.

Portions of the manufacturing process to be used in the plant are unique to the DuPont Company, hence an extremely tight security is in effect at the construction site.

Cameras are not permitted on the site, and a Sea Coast Echo photographer otherwise cleared to shoot at the plant was requested not to photograph certain areas.

Photographs of certain phases of the plant under construction could be analyzed by a trained engineer as disclosing secret phases of the process, Kniffen warned.

Howell said DuPont has completed three recruiting sweeps through Mississippi seeking supervisory personnel for the plant.

"There are 17 Mississippians now in training as supervisors at other DuPont plants," he pointed out.

A total work force of between 550 and 600 people will be needed once the plant is in full operation, the managers noted.

They said the company will be primarily seeking "trainable" employees, with the ability to acquire the necessary skills through on-the-job training.

Howell noted today's job market is such that "college graduates are accepting entry-level positions at other DuPont plants" even though a degree is not required for the positions.

He hastened to add that entry-level personnel at the plant will not be classified as "laborers," since all personnel will have to possess the ability to train for higher positions and will be considered skilled technicians once they have completed initial training.

The managers said target date for opening of the plant is "still mid-1979."

## Pass High releases honorees for semester, 2nd nine weeks

Pass Christian High School has released details concerning honorees on both the superintendent's and principal's lists for the first semester and second nine weeks.

On a quality 4.0 point system, students must maintain a 3.5 average to be named to the Principal's list and a 4.0 to earn Superintendent's honors.

Students earning honors were:

### FIRST SEMESTER SUPERINTENDENT'S HONOR ROLL

10th Grade: Carolyn Barnes, Beth Cole, Lucretia Dedeaux, Lynn Gilling, Penny Harshbarger.

Gretchen Hawthorne, Gene Lang, Angela Lockhart, Garland Rowe, Beth White, and Vernon Wimberley.

11th Grade: Matt Alston, Cheryl Antoine, Julia Contreras, Malcolm Dedeaux, Austin Dill, Ken Hunt, Tracy Moran.

Robin Roberts, Kathy Sackett, Melissa Shafer, Nancy Shapley, Lora Shiyon, Clark Shull, Tam Tran and Dawn Zeitfuss.

12th Grade: David Andresen, Charles Dedeaux, James Donlin, Timothy Ladner, Lamar Russell, Jeanne Humphreys.

Polly Necaise Peter Reho, Lisa Saper, Darleen Sessum, Norma Steele, and June Ward.

### PRINCIPAL'S HONOR ROLL

9th Grade: Joseph Cole, Earl Conway, Kim Dill, Jerry Gentle, Brenda Janet, Troy Meacham, Latina Morgan, and Julia Watts.

10th Grade: Charlene Bailey, Regina Charlott, Desiree Davion, Rhonda Dedeaux, Glenda Gregory, Jennifer Humphreys.

Donyele Lacoste, Chermaine Ladner, Mark Necaise, Tina O'Shield, Angela Payne, and Andrew Ward.

11th Grade: William Allen, Danielle Burke, Jonathan Cole, Luella Fairconature, Ruthie Hamnah, Carol Ladner, Sandra Norman, Joy Schollock, and Virgil Swanner.

12th Grade: Brigitte Allen, James Ballentine, Loni Jenkins, Grant Lacoste, Janet Hayden, Crystal Necaise, Tina Rodrigue, and Charles Stewart.

### SECOND NINE WEEKS SUPERINTENDENT'S HONOR ROLL

9th Grade: Earl Conway, 10th Grade: Carolyn Barnes, Beth Cole, Desiree Davion, Lucretia Dedeaux, Lynn Gilling, Penny Harshbarger, Gene Lang, Angela Lockhart, Garland Rowe, and Vernon Wimberley.

11th Grade: Cheryl Antoine, Julia Contreras, Malcolm Dedeaux, Austin Dill, Ken Hunt, Tracy Moran.

12th Grade: David Andresen, Charles Dedeaux, James Donlin, Timothy Ladner, Lamar Russell, Jeanne Humphreys.

Hunt, Carol Ladner, Tracy Moran, Rusty Necaise, Robin Roberts, Kathy Sackett, Melissa Shafer, Nancy Shafer, Lora Shiyon, Clark Shull, and Dawn Zeitfuss.

12th Grade: David Andresen, Charles Dedeaux, James Donlin, Loni Jenkins, Timothy Ladner, Jeanne Humphreys, Crystal Necaise, Polly Necaise, Peter Reho, Tina Rodrigue, Lamar Russell, Lisa Saper, Darleen Sessum, and June Ward.

10th Grade: Carolyn Barnes, Beth Cole, Lucretia Dedeaux, Lynn Gilling, Penny Harshbarger.

Gretchen Hawthorne, Gene Lang, Angela Lockhart, Garland Rowe, Beth White, and Vernon Wimberley.

11th Grade: Matt Alston, Cheryl Antoine, Julia Contreras, Malcolm Dedeaux, Austin Dill, Ken Hunt, Tracy Moran.

Robin Roberts, Kathy Sackett, Melissa Shafer, Nancy Shapley, Lora Shiyon, Clark Shull, Tam Tran and Dawn Zeitfuss.

12th Grade: David Andresen, Charles Dedeaux, James Donlin, Timothy Ladner, Lamar Russell, Jeanne Humphreys.

Polly Necaise Peter Reho, Lisa Saper, Darleen Sessum, Norma Steele, and June Ward.

PRINCIPAL'S HONOR ROLL

9th Grade: Joseph Cole, Earl Conway, Kim Dill, Jerry Gentle, Brenda Janet, Troy Meacham, Latina Morgan, and Julia Watts.

10th Grade: Charlene Bailey, Regina Charlott, Desiree Davion, Rhonda Dedeaux, Glenda Gregory, Jennifer Humphreys.

## News from the Church of St. Ann

**TODAY'S THOUGHT**  
A thought for the day from the library of Father Canisius Hayes, pastor St. Ann's Parish

If your mind is a garden, and your thoughts are the seeds, what will you gather, flowers—or weeds?

Williams

**ST. ANN'S VISITORS**  
Plans for greater participation in parish liturgical life were made at a recent organizational meeting of St. Ann's ushers, commentators and lectors.

Representing lectors and commentators were Michael Schmitt and Leonard Rupp. Ushers in attendance were Jerry Boos, John South, Dave Caillier, Charles John, Richard Tiribio and Claude Myers.

**LENTEN SCHEDULE**  
Lenten Schedule St. Ann's Church -  
Daily Mass 9 a.m. -  
Saturdays, 5 p.m. - Sundays 9:15 a.m.

## News of St. Clare's

**ST. CLARE'S SCHOOL NEWS**  
St. Clare's School Board will meet at 8 p.m. Tuesday, February 28, in convent meeting room.

**CHICKEN DINNER**  
A parish benefit chicken dinner will be held Sunday, Feb. 26, from 11:30 a.m. to 1:30 p.m. in parish hall. Donation is \$2.50 per plate.

**ST. CLARE'S SODALITY**  
The Sodality of Our Lady of St. Clare's Parish will meet at 2 p.m. Tuesday, Feb. 28, in parish hall.

**LENTEN SCHEDULE**  
Lenten Schedule St. Clare Church -  
Sunday Masses - Saturdays, 6 p.m.; Sundays, 9 and 11 a.m.  
Mass - Mondays, Tuesdays, Thursdays and Fridays - 7 a.m. and 6 p.m.

Wednesdays - 7 and 8:45 a.m. and 6 p.m.  
Stations of the Cross after 6 p.m. Mass on Fridays.

Confessions - Saturdays 5 to 5:30 p.m.  
Baptisms by appointment by calling the rectory 467-9275.  
Sunday School, grades 1 through 5, Mondays from 3 to 4:15 p.m. at St. Clare's school; Confirmation classes 7 to 8 p.m.

St. Henry's Mission - Mass 7:30 p.m. Saturdays.

## Mrs. Scianna is honored at stork shower

Mrs. Charles Scianna, Jr. of Pasadena, Tex., was honored with a surprise stork shower Sunday afternoon hosted by Mrs. Byron Favre and daughter, Michelle in Gulf National Bank Civic Room.

A green and yellow color scheme was used in the decorations.

Attending were Mesdames Charles Lankford, Tommie Seymour, Ron Slocum, and Katherine Baltzer, Long Beach; Mrs. Charles Scianna Sr., and daughters Mary Ann, Danita, Linda and Julie; Mesdames J. F. Pope, Neilus Favre, Sr., Edward Favre, John Scandil, Neilus Favre Jr., Jean Laroux and A. G. Favre Sr., and Miss Pia Hurtado, all of Bay St. Louis.

Lenten devotions - Wednesdays 7:30 p.m.  
St. John's Church, Lakeshore  
Sundays - Mass 8 a.m.  
Lenten devotions, Fridays 7:30 p.m.

**RELIGIOUS INSTRUCTIONS**  
Religious instructions for grades 1, 2 and 3 are held Tuesdays after school and for grades 4 through 8 on Thursdays.

**BIDDING A FOND ADIEU**-Officers and chairpersons of the North Bay Elementary School fifth grade gather at a farewell party in honor of Ms. Darlene Lott of Bay St. Louis, practicing teacher from the University of Southern Mississippi. Ms. Lott's tour of duty with the class ended last week. Included are, seated from left, Jay Ginn; Connie Ellis; Ms. Lott; Mary Ladner; vice president; Celest Burghard; and Kelli Kuhn; standing from left, Stacy Carter, secretary; Connally Compretta, president; Alicia Pearson; Stephanie Cuevas; Dina Hitt, treasurer; Sabrina Levens; and Cathy Alliston. ## Student exchange deadlines

Students at Jackson State University have until Friday, March 10, to apply for participation in the 1978-79 academic year of the National Student Exchange (NSE) Program. The coordinator of the Jackson State program is Dr. Leon Howard, associate professor of educational administration.

The NSE experience provides students with a unique opportunity to broaden their educational background by capitalizing on specialized courses or programs at other schools that are not available on their home campuses. The program encourages students to experience new life and learning styles and appreciate different cultural perspectives in a variety of educational

settings at a minimal cost. In the Jackson State plan, students register at the host institution and out-of-state tuition fees are waived. Some financial assistance from the university is also provided. Students can either plan to study at the host campus for a quarter, semester or year, depending on the school's system.

To qualify, the student must be enrolled at the university

full-time, at least a second-year student, must be in good standing, and have a cumulative grade point average of 2.50.

Presently, 42 state supported colleges and universities from across the nation hold NSE memberships. Since its inception in 1968 the program has attracted over 3,500 students. Jackson State has been an active member for the past four years.

## Buccaneer Crew Notes

BY DUDDY QUINLAN

### CAMPERS HERE

The warmer weather of the last two weeks had brought many campers to our park. Last weekend we played host to a camping club as well as numerous individual campers. Both the Good Sams and the Campfire Squares visited us this weekend. It was great to see the park bustling again.

A delicious pot luck lunch was followed by a pokeno game sponsored by the Good Sams. Red beans and rice, green beans with ham, cakes, salads - a culinary delight!

**SQUARE DANCERS**  
Saturday night the Campfire Squares entertained us with three hours of square dancing. This was their second trip to Buccaneer and both times they have danced and tried to teach some of the basics to onlookers. Caller John Litzenger provided excellent entertainment and fun for all. Other activities over the weekend included a craft session for kids during

which we carved bars of soap into different shapes - rabbits, initials, dominated the ideas. A scavenger hunt was conducted Sunday afternoon for our kids. Cindy Isaacson, an 11 year old from Kenner, LA, and a member of the Good Sams completed her list and returned for the first prize, and Steve Robert from New Orleans returned second.

**FLOWER ARRANGING**  
Well, our exercise class and our flower arranging class have been postponed until the first of April. Our get well wishes go out to Wilma Miller, who teaches our flower arranging class, who has been hospitalized recently. News on more classes will be coming soon.

On a different note I'd like to comment on the furor over a youth center. Until one is decided upon and built, why not use the facilities of our park. Many of the requested facilities for a new youth center are currently available at Buccaneer. Come on out.

## In state universities

# Rising costs given as student drop cause

Rising student tuition and larger numbers of college-age children in many families are among the reasons fewer people are going on to college, according to results of a study released by the American Association of State Colleges and Universities (AASCU).

In the Public College Fact Book, recently published by AASCU, the declining financial support of colleges is considered "alarming." The report points to fewer dollars per student, loss of purchasing power, the national inflation cycle and the energy crisis as key areas where higher education is feeling the financial pinch.

Mississippi universities find their financial problems parallel to those on the

national level. Also on the financial problem list for Mississippi universities are faculty and staff salaries; funds for adequate teaching equipment, travel and libraries.

The AASCU publication points to quality being jeopardized with the decline in appropriations. According to the report, a decline in per student appropriations can mean less services to students and lower-quality education at some colleges, larger classes, larger student-teacher ratios, less time for individual students, sometimes faculty and staff layoffs. The decline can also mean less funding for laboratories, libraries and other essential educational services.

State College Board officials have stressed the critical needs existing in Mississippi's state universities in terms of financial support.

Although not entirely ruling out a tuition hike to generate funds not realized through appropriations, College Board Financial Chairman Charles Jacobs recently said, "The Board hasn't really given any thought to a tuition increase."

"We'll have to wait and see what the Legislature does," Mississippi's 50,000 college students could well find themselves in the same situation as students throughout the nation if adequate funding is not afforded the state universities through appropriations. This dilemma will place these students and their families in a position of determining whether or not to continue college if faced with higher tuition costs. High school seniors, who will be college-bound in the fall, will also be watching college costs carefully.

The former YCC official said all residents of Mississippi between the ages of 15 and 18 years are eligible to attend one of the three residential camps which will be operated in the state.

He said Hancock County residents might be eligible to attend commuter camps in either Ocean Springs or Hattiesburg.

Cave said applications for this year's program are now available at Bay St. Louis Junior and Senior High Schools.

The Youth Conservation Corps, a nationwide program, is designed to provide youth a chance to take an active part in improving the quality of the natural environment.

B. F. Finison, supervisor for the U.S. Forest Service in Jackson, said the program is a "well balanced earn-work-learning experience."

The camps, co-educational and operated by federal, state and local agencies, cover a period of eight weeks.

Three of Mississippi's 24 camps this year will be residential, while participants at the other 21 camps will be recruited from within the local commuting area of the camp.

Participants are selected on a random basis by computer at the Washington, D.C., office of YCC.

The residential camps this year will be at Camp Harrison on the Perkins campus of Gulf Coast College with 28 participants; Chickasawhay Camp at Jones County Junior College, Ellisville, with 35 participants; and Choctaw Camp at Philadelphia with 50 participants.

Youth living anywhere in Mississippi are eligible to apply for those three camps, Finison said.

The U.S. Department of the Interior will operate six non-resident camps with a total of 115 participants. Included will be the Gulf Islands National Seashore Park at Ocean Springs with 40 enrollees.

Contingent upon approval of a federal grant application, the State of Mississippi will operate six camps with 15 enrollees at each. Among them will be the Paul B. Johnson State Park in Hattiesburg.

Applications, which should be available at all schools, both public and private, must be mailed to reach Washington by March 17.

Anyone unable to obtain an application from his school may write for one at 1155 Forest Service, P.O. Box 2201, Jackson, Miss. 39205, or call 1-800-451-1231.

## Legal Notices

## CHANCERY SUMMONS

NO. 13,806

THE STATE OF MISSISSIPPI

To The Heirs at Law of Katie Favre Mackie, Deceased

You are summoned to appear before the Chancery Court of the County of Hancock, in said state on the 23rd of March A.D. 1978 to defend their suit No. 13,809 in said Court of Lizette Mackie Lautenschlaeger and Hilah Mackie McLean, with the hearing set for 10:00 o'clock a.m. on the 24th day of March, 1978, at the Courthouse in Hancock County, Mississippi.

The same being a suit to adjudicate heirs wherein you are defendants.

This 21st day of February A.D. 1978.

(SEAL) John D. Rutherford, Jr.

Chancery Clerk

By Sheryl Cummings D.C.

2-23,2-23,3-2,3-7

PUBLIC NOTICE

INVITATION TO BID

STATE OF MISSISSIPPI

HANCOCK COUNTY

TO ALL PERSONS INTERESTED

IN THE FOLLOWING LANDS

SITUATED IN HANCOCK

COUNTY, MISSISSIPPI, TO WIT:

All of Section 34, Township 5

South, Range 14 West, Hancock

County, Mississippi, less and except

2.52 acres described as beginning at

the northwest corner of said Section

34; thence south 5.02 chains; thence

east 5.02 chains; thence north 5.02

chains; thence west 5.02 chains to

the place of beginning; containing

640.0 acres.

Notice hereby is given that the

Board of Supervisors of Lauderdale

County, Mississippi, has authorized

and invited the submission of bids to

lease an undivided one-half (1/2)

interest in and to the oil, gas and

other minerals in, on and under the

above-described lands for purposes of

oil, gas and mineral exploration,

mining, development and produc-

tion. Formerly said lands con-

stituted in lieu of school lands which

had been properly selected and set

aside in lieu of a 16th section situated

in Lauderdale County, Mississippi.

However, said lands heretofore were

sold and conveyed into private

ownership, subject, however, to the

exception and reservation of an

undivided one-half (1/2) interest in

and to all oil, gas and minerals

therein, thereon and thereunder,

which reserved undivided one-half

(1/2) mineral interest is owned and

held in trust for the use and

benefit of the educable school

children in a township in Lauderdale

County, Mississippi.

The Board of Supervisors of

Lauderdale County, Mississippi, has

prescribed the form of a proposed

lease covering said lands and has

received undivided one-half (1/2)

mineral interest; and has prescribed

also the royalty to be retained by the

lessor, the annual rental to be paid by the

lessee, and all other provisions of the

proposed lease. The only item

subject to bid for the proposed lease

is the amount of the bonus to be paid

by the lessee. A true copy of the

proposed lease form containing all

the terms and provisions so

prescribed by said Board of

Supervisors is on file and available

for inspection by any interested

person in the office of the Chancery

Clerk in and for Lauderdale County,

Mississippi.

Any person interested in sub-

mitting a bid for the proposed lease

hereby is notified and invited to file

a sealed proposal thereto with the

Clerk of the Board of Supervisors

(who is the same person) as the

Chancery Clerk of Lauderdale

County, Mississippi, at his office in

Meridian, Mississippi, on or before

10 a.m. o'clock a.m. on March 8,

1978. All such proposals so filed will

be opened by said Board of Super-

visors at said time or as soon

thereafter as is convenient

possible at and during regular

monthly meeting of said Board of

Supervisors, and thereupon, subject

to the approval of the County

Superintendent of Education of

Lauderdale County, said Board of

Supervisors will award the proposed

lease to the highest bidder in the

manner provided by law and the

rules of said Board.

Said Board of Supervisors

reserves the right to reject any and

all bids.

This 26th day of January, 1978.

Board of Supervisors

Lauderdale County

Mississippi

By: Billy Melton

President

(SEAL)

Attest:

By: M.B. Cobb

Clerk of the Board of

Supervisors of Lauderdale

County, Mississippi

2-23,2-23,3-2,3-7

The Board of Supervisors took up

the matter of issuance of the In-

dustrial Development Revenue

Bonds, Series 1978, of Hancock

County, Mississippi, in the principal

amount not to exceed One Million

Dollars (\$1,000,000). After

discussion of the subject, Supervisor

Travira offered and moved the

adoption of the following resolution:

RESOLUTION DECLARING

THE INTENTION OF HANCOCK

COUNTY, MISSISSIPPI, TO ENTER

UPON AN INDUSTRIAL

DEVELOPMENT PROJECT AND TO

ISSUE INDUSTRIAL

DEVELOPMENT REVENUE

BONDS OF SAID COUNTY IN THE

PRINCIPAL AMOUNT NOT TO

EXCEED ONE MILLION

DOLLARS (\$1,000,000) FOR SUCH

PURPOSE, AND DIRECTING THE

PUBLICATION OF NOTICE OF

SUCH INTENTION.

WHEREAS, the Board of

Supervisors of Hancock County, Mississippi, the "Governing Body", acting for and on behalf of Hancock County, Mississippi (the "Issuer"), does hereby find, determine and adjudicate as follows:

1. The Issuer is a municipality as defined in Chapter 147, General Laws of Mississippi, Regular Session 1960, as amended, appearing as Title 57, Chapter 3 of the Mississippi Code of 1972 (the "Act"); and

2. On January 9, 1978, this Governing Body, as authorized by the Act, adopted a resolution making application to the Mississippi Agricultural and Industrial Board (the "A&I Board") for a Certificate of Public Convenience and Necessity (the "Certificate") authorizing the Issuer to acquire, own and lease a Project as hereinafter defined and to issue its industrial development revenue bonds to finance said Project; and

3. The A&I Board, acting by and through its duly authorized Executive Committee, did on January 26, 1978, order and direct the approval of the aforesaid application and did issue its Certificate No. 318R to the Governing Body of the Issuer, which Certificate authorized, empowered this

Governing Body, acting for and on behalf of the Issuer, subject to the conditions therein set out, to adopt and publish a resolution declaring its intention to issue industrial development revenue bonds of the Issuer as authorized by the Act in the principal amount not to exceed One Million Dollars (\$1,000,000) to provide funds to acquire said Project and thereafter to lease said Project to Lloyd Kimbrough Moore, Jr. or his designee (the "Lessee") for the purposes hereinafter set out; and

4. In order to promote industrial development and to provide additional gainful employment for its citizens, the Issuer should declare its intention to issue industrial development revenue bonds of the Issuer in the principal amount herein provided.

NOW THEREFORE, BE IT RESOLVED BY THE GOVERNING BODY, ACTING FOR AN ON BEHALF OF THE ISSUER, AS FOLLOWS:

SECTION 1. That this Governing Body, acting for and on behalf of the Issuer, does hereby declare its intention to issue Industrial Development Revenue Bonds of the Issuer in the principal amount not to exceed One Million Dollars (\$1,000,000) (the "Bonds") to provide funds for the purpose of defraying the cost of acquiring and industrial enterprise consisting of land, buildings, improvements, machinery and equipment (all of which together constitute the "Project") for the distribution of products of agriculture, mining and industry or other permissible products under the Act, and thereafter to lease the Project, to the Lessee; provided that the Bonds shall be payable both as to principal and interest solely from the revenue to be derived from the leasing of the Project, and neither the Bonds nor the interest thereon shall ever constitute an indebtedness of the Issuer, nor ever constitute or give rise to pecuniary liability of the Issuer or a charge against its credit or taxing powers.

SECTION 2. That the issuance of the Bonds in the amount and for the purpose aforesaid shall be authorized at a meeting of the Governing Body to be held at their usual meeting place in Bay St. Louis, Mississippi, at the hour of 10:00 o'clock A.M., on March 6, 1978, or at some meeting held subsequent thereto, unless on or before the aforesaid date and hour twenty percent (20 percent) of the qualified electors of the Issuer shall file a written protest against the issuance of the Bonds, in which event the Bonds shall not be issued unless authorized at an election on the question of the issuance thereof to be called and held as provided by law. If no such protests be filed, then the Bonds may be issued without an election on the question of the issuance thereof at any time within a period of two (2) years after the date hereinabove specified.

SECTION 3. That this resolution shall be published once a week for at least four consecutive weeks in the Sea Coast Echo a newspaper published in Hancock County, Mississippi, and qualified under the provisions of Section 13-3-31 of the Mississippi Code of 1972. The first publication of this resolution shall be made not less than twenty-one (21) days prior to the date fixed in this resolution for the issuance of said Bonds and the last publication shall be made not more than seven (7) days prior to the date aforesaid.

SECTION 4. That the Clerk of this Governing Body is hereby directed to procure from the publishers of the aforesaid newspaper the customary proof of the publication of this resolution and to have the same before this Governing Body at their meeting to be held on the date and at the hour set forth in Section 2 of this resolution.

Following the reading of the foregoing resolution, Supervisor Pernicaro seconded the motion for its adoption. The President put the question to a roll call vote, and the result was as follows:

Supervisor Courge vote: Yes  
Supervisor Keller vote: Yes  
Supervisor Peterson vote: Yes  
Supervisor Pernicaro vote: Yes  
Supervisor Travira vote: Yes

The motion having received the affirmative vote of all Supervisors present, the President declared the motion carried and the resolution adopted, this 6th day of February, 1978.

Altha A. Keller  
President,  
Board of Supervisors

Attest:  
John D. Rutherford, Jr.  
Clerk  
Board of Supervisors

## Happenings

### SENIOR CITIZENS HAPPENINGS

**By FRED HORN**

The Senior Citizens birthday party for all Seniors 60 years and over will be held at the Center located on the Old Spanish Trail on Monday, February 27th at 1:30 p.m. All Seniors who have birthdays in February, please attend as we have something special planned for you.

Entertainment for the birthday party will be Piccola's School of Dance. They will present a variety of dances, the students, six years of age and up, are very talented. Louis Burghard, our versatile pianist, and yours truly on drums, will lead the Seniors in a community song fest, plus playing your favorite dance tunes. Refreshments will consist of home baked cakes and coffee.

### QUILTING

There will be no quilting class this week. Agnes Leroy,

### Spring Festival

#### is CEDS topic

Parents of Christ Episcopal Schools gathered in the elementary school library Thursday, Feb. 16, to plan the various activities for the annual Spring Festival.

Mrs. Gordon Scales, chairman of the event, announced the festival will be on the elementary school grounds Saturday, April 29. Activities include a program given by the elementary students under the direction of Mrs. Lawrence Hennessey. There will be many booths, games, and entertainment.

"Last year's Spring Festival was tremendously successful, and we are looking forward to an equally spectacular event this year," said Mrs. Scales.

### who's new

Mr. and Mrs. Jerry Felder of Bay St. Louis announce the birth of their second child and second daughter, Ellen Marie, on Sunday, Feb. 19, at Gulfport Memorial Hospital, weighing nine pounds, eight ounces.

The mother is the former Virginia Spotorno, daughter of Mr. and Mrs. Gerald Spotorno. Great grandparents are Mr. and Mrs. B. Spotorno, all of Bay St. Louis.

Paternal grandparents are Mr. and Mrs. John Felder of Waveland, and great grandmothers are Mrs. Lyon Fleischel of Houston, Texas, and Mrs. Margaret Drager of Waveland, West Germany. Welcoming Ellen is sister Laura, 2.

## FULL GOSPEL CHARISMATIC PRAYER MEETINGS

Lakeshore Full Gospel Church

Location: Lakeshore Rd.,  
Old Methodist Church.  
Watch for signs.

Tuesday & Saturday 7:30 P.M.

Pat L. Bordelon D.D.

COME EXPECTING A MIRACLE  
EVERYONE INVITED

On your way to Hell, you must bypass Jesus; but Jesus came that you through Him could bypass Hell.

our quilting instructor, and her husband are taking a trip to Clearwater, Florida, to join her daughter and family from Chicago for a reunion. Agnes, we hope your husband and you have a safe journey and a relaxing visit with your family.

### HORTICULTURE

Wilma Miller, our instructor for this class, had been hospitalized, at the present writing she is recuperating at home. We hope you have a speedy recovery Wilma, we miss your presence at the center.

Wilma informed me that classes will start again on Tuesday, March 7th from 9:30 to 11:30 and every Tuesday thereafter. Any Senior Citizen 60 years of age and over can join this class by contacting Jim Hoda or Fred Horn, 467-9292.

Wilma also instructs a class in horticulture at Buccaneer State Park every Friday, starting March 3rd from 9:30 to 11:30, and every Friday thereafter.

This class is open to anyone who is interested, regardless of age. For further information contact Wilma Miller, 467-7677.

### HAWAII

Last call for the trip to Hawaii for all Senior Citizens interested. The close out date is February 28th. Take advantage of this opportunity and visit our 50th state for a reasonable sum. For further information please call Jim Hoda, 467-9292.

### AARP

The American Association of Retired Persons held their February meeting at the Waveland Civic Center on Monday February 20th at 10. President Loup opened the meeting by introducing Father Scanlon who gave the invocation. Pledge of Allegiance was given to the flag by Hugh Miller and all present, and Fred Horn sang the Star Spangled Banner, assisted by all members.

Legislative chairman, Joe Servat, informed everyone about the latest legislation now pending at the state capital. The information he presented was well received a course of action will follow accordingly. Travel Chairman, Hugh Miller, stated that a trip to Bellingrath Gardens will take place as soon as weather permits. Other excursions planned for the future include a trip to Natchez. Hugh Miller has 20 people signed for the trip to Bellingrath Garden-all senior citizens who are interested in taking the excursion please contact Hugh Miller, 467-7473.

Several members spoke for the good of the association. Guest speaker for the meeting was Ms. Jerry Benigno, executive secretary for the Hancock County Chamber of Commerce, whose comments on the functions of the organization was very enlightening. Next meeting Laura, 2.

will take place on Monday, March 20th at 10.

### ILLNESS

To all of our Seniors who have been hospitalized and are ill at home recuperating from various ailments, we wish for all, a speedy recovery, so that you may rejoin us here at the center for our recreation programs.

### BEREAVEMENT

Our sympathies are extended to the families of Gussie Davis Donner, Eugene Massey, and Emile J. Lacoste, they will all be missed.

## Superdome is site of Scout Show '78

Scout Show '78, a scouting spectacular featuring 200 live-action booths and demonstrations, will be 2 to 6 p.m., Saturday, March 4 in the Louisiana Superdome with the New Orleans Jazz as Host.

Thousands of boy scouts, cubs, and explorers from Hancock County and 11 South Louisiana parishes will take part in the four hour show.

Featured will be exhibits and demonstrations of Indian lore, outdoor living, pioneering skills, model making and racing, woodcraft, communications, lifesaving and safety, leathercraft, homemade games and hobbies of all descriptions.

Louisiana Lt. Gov. James E. Fitzmorris, Jr., general chairman, and R. Alden Penderly, president, New Orleans Area Council, Boy Scouts of America will speak at the opening ceremonies.

The 4th Marine Aircraft Wing Drum and Bugle Corps will also perform.

The public is invited. Tickets are priced at \$2 and may be secured from any cub,

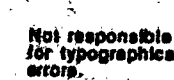

scout or explorer or the Scout Service Center. The \$2 ticket will be for both the Scout Show and the 7:30 p.m. Jazz vs Seattle Basketball game.

Areas to be represented include: Hancock County, Ms. and Louisiana parishes - Orleans, Jefferson, St. Bernard, St. Tammany, St. James, Assumption, Lafourche, St. John, Terrebonne, St. Charles and Plaquemines.
